How to Invite Team Members to Join Your Organization

This guide will walk you through the process of inviting team members such as your Warrant of Fitness Inspectors to join your organization. You might also want to invite your Reception/office staff so that they can see the Warrant of Fitness sheets on their computers to contact customers, email the Warrant of Fitness check sheet, and create repair estimates using the [itsallauto.com](#) automated system. By following these steps, you can onboard new team members. I recommend that you have your device ready, and follow along with each step so that you can invite your Warrant of Fitness Inspectors and other team members to join. Please pause this video at any time so that you can follow the steps required.
